The OccaSoftware Membership Bundle

You become an OccaSoftware member when you purchase this bundle.

OccaSoftware Member Perks:

Human Discord support

OccaSoftware members will get support from our team in Discord. We will help you with your OccaSoftware product implementations.

Access to Membership assets

Access to all 30+ OccaSoftware assets included in the bundle

Vote on Product Roadmap + Content

Vote on solutions, features, and content we create next

Private Discord channels

OccaSoftware members get access to Members only channels in Discord and special Discord roles

Access to free OccaSoftware products

Get access to a growing suite of OccaSoftware assets available for free to anyone who wants them

Public Discord community

Join our community Discord channel to meet more Unity developers

Future products

The OccaSoftware Membership Bundle may have additional assets added periodically. We currently plan to add future assets to this bundle shortly after they are available on the Unity Asset Store.
